

Roles and Permissions Mapping Table

Roles/Permissions	Description	Admin	Analytics	Data Editor	Data Exporter	Data Importer	Planner	Simulator Admin	Simulator User
admin.license	Can modify site license	x							
admin.status	Can view site status page	x							
admin.backgroundjobs.dashboard	Can access the background jobs administrator dashboard	x							
admin.backgroundjobs.apm	Can enqueue the APM background job	x							
admin.backgroundjobs.mrp	Can enqueue the MRP background job	x							
admin.backgroundjobs.partdetail	Can enqueue the PartDetails background job	x							
admin.backgroundjobs.sdm	Can enqueue the SDM background job	x							
admin.settings.auth	Can modify authentication settings	x							
admin.settings.bufferprofileconfiguration	Can access the Buffer Profile Configuration settings	x							
admin.settings.engine	Can modify processing settings	x							
admin.settings.site	Can modify site settings	x							
admin.settings.stockdeployment	Can modify Stock Deployment Module (SDM) settings	x							
admin.settings.systemdataexchange	Can modify system import/export settings	x							
admin.roles.read	Can view roles	x							
admin.roles.write	Can create/modify roles, and assign permissions	x							
admin.users.read	Can view users	x							
admin.users.write	Can create/modify users	x							
api.tokens.delete	Can delete API tokens	x							
api.tokens.expire	Can force expiration of API tokens	x							

Roles/Permissions	Description	Admin	Analytics	Data Editor	Data Exporter	Data Importer	Planner	Simulator Admin	Simulator User
api.tokens.read	Can view API tokens	x							
api.tokens.write	Can create/modify API tokens	x							
api.tokens.activity.read	Can view API token activity	x							
data.export	Can export system data	x			x				
data.import	Can import system data	x				x			
data.simulations.read	Can view Advanced Planning Module (APM) simulations	x						x	x
data.simulations.write	Can edit and run Advanced Planning Module (APM) simulations	x						x	
data.stockdeployment	Can use Stock Deployment Module (SDM)	x							
data.billofmaterial.read	Can view BoM data	x					x		
data.bufferprofiles.read	Can view buffer profiles	x		x					
data.bufferprofile.write	Can create/modify buffer profiles	x		x					
data.calendars.default.read	Can view default calendars	x		x					
data.calendars.default.write	Can create/modify default calendars	x		x					
data.calendars.location.read	Can view location calendars	x		x					
data.calendars.location.write	Can create/modify location calendars	x		x					
data.calendars.vendor.read	Can view vendor calendars	x		x					
data.calendars.vendor.write	Can create/modify vendor calendars	x		x					
data.calendars.planning.read	Can view Planning Calendars (PC)	x		x	x				
data.calendars.planning.write	Can create/modify Planning Calendars (PC)	x		x		x			
data.cycledayadjustmentfactors.read	Can view cycle day adjustment factors	x		x					
data.cycledayadjustmentfactors.write	Can create/modify cycle day adjustment factors	x		x					

Roles/Permissions	Description	Admin	Analytics	Data Editor	Data Exporter	Data Importer	Planner	Simulator Admin	Simulator User
data.demandhistoryanalysis.read	Can view Demand History Analysis	x		x					
data.demandhistoryanalysis.write	Can create/modify Demand History Analysis	x		x					
data.parts.odata	Can query parts	x					x		
data.parts.read	Can view part data	x		x			x		
data.parts.write	Can modify part data	x		x					
data.parts.history.odata	Can query part history	x	x						
data.parts.history.read	Can view part history	x	x				x		
data.pendingorders.commit	Can commit pending orders	x					x		
data.pendingorders.read	Can view pending orders	x					x		
data.pendingorders.write	Can create/modify pending orders	x					x		
data.plannedadjustmentfactors.read	Can view planned adjustment factors	x		x					
data.plannedadjustmentfactors.write	Can create/modify planned adjustment factors	x		x					
data.supplyorders.odata	Can query supply orders	x					x
